49 GOVERNMENT NOTICES.

RULES for the Custody of Public Money in the Colonial Treasury, of Lagos.

1. There shall be a Treasury Committee consisting of three Officers of whom the Colonial Treasurer shall be one.

This Committee shall have charge of the Treasury Strong Room or Vault and each member thereof shall be entrusted with one of three different keys together giving access thereto. Duplicates of such keys will be deposited as directed by the Governor.

2. The Treasury Vault or Strong Room shall on no occasion be opened nor shall any money be deposited therein or withdrawn therefrom except by the three Officers entrusted with the keeping of the separate keys and forming the joint Committee and under authority in writing of the Governor or Officer authorised in writing by him to act.

3. The three members of the Committee shall sign a joint certificate on approved form as to every sum deposited in or withdrawn from the Vault or Strong Room which certificate shall be delivered to the Colonial Treasurer to be annexed as a Voucher to his accounts: copy of such form will be rendered to the Governor.

4. A book shall be kept by the Treasurer in a form to be approved by the Governor to be called the Strong Room or Vault Book: in this book an entry shall be made of every transaction of the Committee whether of withdrawal or deposit and every such entry shall be verified by the signature of each of the three Officers holding the keys: every such entry shall be completed before the closing of the Vault or Strong Room. A duplicate of such Book similarly verified as to entries shall be kept at Government House.

5. The custody of the Treasury Vault or Strong Room keys is a strictly personal duty, and shall on no account be deputed by any member of the Committee to any other member or person without special authority under the hand of the Governor.

6. In case a member of the Committee should be prevented from attending by any unavoidable circumstance, the written authority of the Governor must be obtained for the temporary transfer of such Member's key to another Officer.

Such authority shall apply only to the special meeting of the Committee to which it has reference.

On resuming charge of his key, the member of the Committee to whom it is entrusted, shall, on the next occasion of the opening of the Vault, or Strong Room test the transactions which may have taken place while the key has been out of his possession. If satisfied of their correctness, he shall be considered as being responsible for them.

7. The Committee shall on the 1st days of January, April, July, and October and on such other times as may be ordered, make a complete survey of the contents both of the Treasury Strong Room or Vault, and of the Chest or Chests in charge of the Colonial Treasurer, and shall then prepare, in quadruplicate, a statement of the Funds of the Colonial Treasury in the form prescribed.

In case the first day of a quarter shall fall on a Sunday or Public Holiday the Quarterly Survey shall be made on the day following.

8. For the mode of dealing with gold, silver, and bronze coins on the occasion of Quarterly or other Surveys being held, and of deposits being made, the Committee are referred to the Secretary of State's Circular Despatch of the 7th May, 1878, a copy of which is annexed,—and shall accept the following modifications as to making up of bags.

To meet local convenience and to ensure uniformity and some rule, British Gold, Silver, and Bronze coins shall be made up for deposit in Vault or Strong Room as follows:—

Sovereigns	£300	bags.
Half —	£100	bags.
Half Crowns,		do.
Florins,		do.
Shillings,		do.
Sixpences,	£50	bags.
Fourpences		do.
Threepences,	£25	bags.
Bronze	£5	bags

Foreign gold coins, legal tenders may however be made up in bags containing not more than 50 such pieces: and English sliver-coin received direct from the Royal Mint may when the Committee have satisfied themselves that the weight of each parcel is that specified on the original label and that the Seals are intact, be deposited in the Strong Room or Vault in the original packages.

These instructions may also serve as a general guide to the Colonial Treasurer in the verification of sums issued to him by the Committee.

9. The three Officers in charge of the keys shall on all occasions when receiving moneys for deposit in the Vault or Strong Room, count the same. Every bag or parcel shall be sealed and shall be labelled or endorsed with a statement of the amount of its contents.

This statement shall be vouched either by the signature of the Officer or Officers, as the case may be, who has or have counted the contents of the bag or parcel to which it is attached, and he or they shall then be held to be personally

responsible for the correctness both as to quantity and nature of the coin in such bag or parcel.

10. The Committee and the Colonial Treasurer may, in verifying deposits or withdrawals, as the case may be, take any other such precautions, in addition to those prescribed above, as they may deem necessary for the insurance of accuracy and for the covering of their own responsibility.

11. The Colonial Treasurer shall keep in his charge, such an amount only as may be needed to meet the current disbursements of his Department, and this amount shall in no case exceed £1000 He will however be responsible for the Rule of the Service as to payments of a month or Quarter being made within such month or Quarter; and under authority of the Governor he will provide himself with money requisite.

12. On any occasion in which the amount in charge of the Colonial Treasurer shall exceed the sum of £1000, he shall at once make requisition to the Governor through Colonial Secretary for the call of a meeting of the Treasury Committee, and shall hand over to them, for deposit in the Treasury Vault or Strong Room, such an amount as will leave a balance, in the hands of the Colonial Treasurer, not exceeding £1000.

13. These Rules shall supersede any other Rules which are or may have hitherto been in force, in all points in which they may differ from or be inconsistent with such other Rules.

14. In these Rules the term "Governor" shall include every person for the time being Administering the Government of the Colony.

E. G. WOOLHOUSE,
Acting Colonial Secretary.

Colonial Secretariat,
Lagos, 1st February, 1886.

Approved,

ALFRED MOLONEY,
Administrator.

CIRCULAR.

Downing Street,
7th May, 1878.

Sir

In consequence of a serious defalcation which has occurred in one of the Colonies, my attention has been called to the fact that the rules laid down in Sections 307 and 308 of the Colonial Regulations as to Quarterly and Surprise Surveys, have not, in all cases, been systematically observed.

2. I have accordingly to instruct you to cause those rules to be rigidly followed in future, if they have not been so hitherto. Should special authority for any modification of them have been at any time given by this Department, it is not my intention to annul that authority, at all events, without further consideration; but I would, in that case, request that you will report the fact to me.

3. It is not clearly shown in Clause 308, of the Colonial Regulations, that you should forward to the Secretary of State your own formal certificates of your examinations of the results of the Surprise Surveys, but it must be understood that such certificates should be sent in the form (mutatis mutandis) prescribed in Clause 307, in reference to the ordinary Quarterly Surveys. For convenience of reference I annex a copy of that Form; care would of course be taken that the Treasury Officers and Banks should not be made aware before the Survey that a Statement of the Balances shown on their accounts would be required.

4. It seems desirable that some rule should be laid down in regard to the mode of dealing with Gold, Silver, and Bronze coins, on the occasions of Surveys being held. I am of opinion that these should be made up in Sealed Bags, containing not more than £500 of Gold, £50 of Silver or £5 of Bronze coins, care being taken to keep, as far as convenient, greatly worn and unworn Silver separate.

Each bag should be numbered, and the amount which it contains noted on its label, and it should be sealed, and the weight and amount of each bag should also be entered in a book.

On the occasion of a Survey, the seals and weights should be examined, and if any defect be noticed in either respect, the money should be counted, otherwise, if everything appear correct the Board may pass the bags of Bronze coin without further examination.

The bags of Silver may also be passed, if at least one bag taken at hazard out of every Ten be opened and counted. The bags of Gold should all be opened for inspection, and, at least, one in Six taken at hazard, should be counted.

The correctness of the rest may be assured, if the coins appear to be genuine, and the weight be found correct.

5. In connection with the subject of this despatch, I would wish you to inform me, 1st, Whether the Colony makes any use of the Commissariat Chest, for the deposit of money; and 2ndly, Whether any Sub-Treasurers exist, and if so, what regulations are observed as to the Survey of Funds in their hands.

I have the honour to be,
Sir,
Your most obedient humble Servant,

M. E. HICKS BEACH.

The Officer Administering
the Government of Lagos.

WHEREAS by the Ordinance entitled No. 5, of 1886, "An Ordinance providing for a subsidy in aid of the construction of a certain Telegraph Line out of the Revenue of the Colony," it was enacted that there should be granted to the Imperial Government out of the Revenue of the Colony, One thousand Pounds sterling per annum for twenty years as a subsidy in aid of the construction from the Island of St. Vincent to the West Coast of Africa, and the annual payment of such sum for the period aforesaid should be a charge upon the Revenue of the Colony from a date to be declared by the Governor in writing under his hand to be published in Government Gazette of the Colony;

COLONIAL AND INDIAN MUSEUM.

Products of the Colony.

The following letter from Sir James Marshall, C.M.G., Executive Commissioner, Colonial and Indian Exhibition is published for general information.

His Excellency the Acting Administrator trusts that those interested in the trade and prosperity of Lagos will give careful consideration to Sir James Marshall's remarks in reference to the products of the Colony as it would appear to His Excellency that much may be done to develope a remunerative trade in many of the articles enumerated.

By Command,

H. HIGGINS,
Acting Colonial Secretary

From Sir James Marshall, to the Governor of Lagos.

West African Commission,
Colonial and Indian Exhibition,
South Kensington,
8th October, 1886.

Sir,

I have much pleasure in acknowledging the receipt of your Excellency's telegram of September 21st, conveying to me the information that government gave its adhesence to the scheme for a permanent Imperial Institute.

I at once forwarded this telegram to Sir Philip Cunliffe Owen, who laid it before His Royal Highness the Prince of Wales, and I am authorised by Sir Philip to inform you that the Prince expressed his gratification and pleasure at the manner in which Lagos has responded to his appeal.

2. I beg also to express my own great pleasure and satisfaction at the contents of the telegram which is an additional proof of the public spirit which has characterised Lagos throughout the Exhibition.

3. No details of the formation and management of the proposed Institute have yet been furnished to me but I feel confident that an Institute of the kind will prove of great use in the way of developing trade in the productions and industries of Lagos and its neighbourhood.

4. I beg your Excellency will take means to advise the people at once to prepare to stock the future Lagos Court with such articles as they wish to find a market for.

There is a good opening for the sale of cloths and similar fabrics provided the colours are obtained by vegetable dyes—Unfortunately many of them now here prove to be coloured with analine dyes which makes them of no commercial value.

With the exception of the blue, almost all the other dyes appear to be of the analine kind.

5. The grass cloths and mats are much admired and will I expect find a good market, and carved calabashes.

6. The baskets are in request and if they can be packed so as to avoid heavy freight I think they may prove profitable to the Senders.

7. In the way of produce I advise attention being given to fibres and vegetable dyes as well as oils and rubber, samples may continue to be sent directed to me here, as well as any letters asking for or giving information. But of course samples will not be of use unless orders can be executed for a supply in bulk.

8. Curiosities in the way of Masks, figures, brass work &c., will also command a sale at all events for a time.

9. I must not omit the leather work which is also admired especially as the colours are genuine.

10. I do not yet know when the Exhibition will be re-opened but as soon as I have information on that and other points I will let it be known.

I have, &c.

(Sgd.) JAMES MARSHALL,
Executive Commissioner for West Africa.

Sir Ashley Eden, Mr. A. W. Gadesden,

Mr. E. W. Hamilton, Sir Philip Cunliffe-Owen, *Secretary*, Mr. Edward Cunliffe-Owen, and Mr. J. R. Royle, *Assistant Secretaries*.

The Prince of Wales addressed the meeting as follows:—

My Lords and Gentlemen.

I have thought it right to call you together on this the eve of the Opening of the Exhibition by Her Majesty the Queen, in order that I may report to you the various steps that have been taken in the preparations for this Exhibition since the last time I had the honour of addressing you.

I would, in the first place, wish to say a few words with regard to the constitution of the Royal Commission. You are doubtless aware that Her Majesty, in requesting you to act on a Royal Commission defined your duties to be for the purpose of advising upon the best mode by which the Products of Industry, Agriculture and the Fine Arts of Her Majesty's Colonial and Indian Dominions might be procured and sent to this Exhibition.

The appointment of this Commission was, I understand, framed upon the precedent of the Exhibition of 1851, and following the example of that Exhibition, it was thought desirable that a Charter should be applied for which should make the Royal Commission a body corporate, and which should give it power to organise and carry on such an Exhibibition. This Charter was granted on the 15th September, 1885.

You will perhaps remember that, in my last address, I informed you of the initiative action, which I, as your Executive President, had taken, and which you were kind enough then to confirm in order that the proposals for holding a Colonial and Indian Exhibition should be properly brought to the notice of the Governments of India and of the various Colonies.

I then stated that from the answers which had been received from the Colonies and from India it was clear that this Exhibition would receive the hearty co-operation of all concerned.

I need only ask you to make an inspection of the various sections of the Exhibition to-day before leaving the buildings for you to at once realise how cordially the Governments of India and of the various Colonies have acceded to the invitation which I, as your President, forwarded to them in November 1884, and I am sure that you will join with me in requesting the Executive Commissioners to take an early opportunity of conveying to their Governments the sincere thanks of the Royal Commission for having so thoroughly realised our views as to the form that this Exhibition should take.

To these gentlemen themselves are also due our own warmest acknowledgments.

I feel also convinced that you will consider it a pleasing duty to record the deep obligation we are under to His Excellency the Viceroy and the Supreme Government of India for the admirable organisation which, under the direction of Mr. Buck, has been displayed by the Revenue and Agricultural Department, and by the officers who have assisted it.

I further propose that we should request the Viceroy to express our acknowledgments to their Highnesses the Princes of India, who have, by their liberal contributions, so materially added to the beauty and interest of the Indian section.

With regard to the administration of the Royal Commission, I may state that the Finance Committee—the appointment of which you confirmed at the last meeting—is most carefully discharging the duties which you then confided to it.

I have to ask you to confirm the appointment of the following gentlemen, who were good enough to accept my invitation to be added to it:

The Right Hon. Sir Lyon Playfair,
The Hon. Sir Ashley Eden,
The Right Hon. Sir Henry Thurstan Holland,
Mr. E. W. Hamilton,
Mr. A. W. Gadesden.

It is with much pleasure that I am able to report that the Guarantee Fund, which at the time of the last meeting amounted to £128,600, has now reached a total of £218,430.

Of this amount the Corporation of the City of London has voted £10,000, and among the contributors are many of the great City Companies.

I am sure you will agree with me in cordially thanking these Corporations, and the gentlemen to whose liberality this very satisfactory result is due. They may rest assured that no endeavour will be spared to prevent the necessity of having recourse to the contributions which they have so generously placed at our disposal.

I have to ask you to confirm the appointment of a Committee which I have requested to act for the purpose of superintending the lighting by electricity of the buildings and grounds of the Exhibition.

The gentlemen composing this Committee are:

Sir Frederick Abel, *Chairman*,
Colonel Sir Francis Bolton, and
Mr. W. H. Preece.

In order that practical effect may be given to the suggestion which I referred to in my last Address—that a hospitable reception should be offered to visitors from the Colonies and India, and that facilities should be given to them for visiting the great manufacturing centres and places of interest in Great Britain—I have re-

sted the following members of the Royal Com-sion to act as a Reception Committee—

The Duke of Abercon, *Chairman*,
The Earl Cadogan, *Vice-Chairman*,
The Marquis of Lorne, *Vice-Chairman*.

Colonial Sub-Committee.

The Duke of Manchester, *Chairman*,
The Right Hon The Lord Mayor,
Sir Daniel Cooper,
The Hon. Sir Charles Tupper,
Sir Thomas Brassey,
General Sir Selby Smyth,
Sir Charles Hutton Gregory,
Sir John Coode,
Mr, Arthur Hodgson,
Mr. Samuel Morley,

Indian Sub-Committee.

Field-Marshal Lord Napier of Magdala, *Chairman*,
The Right Hon. Sir James Fergusson,
Major-General Sir Peter Lumsden,
Major-General Sir Henry Rawlinson,
Major-General Sir Richard Pollock,
Lieutenant-General Sir Charles Brownlow,
Lieutenant-General Sir Henry Daly,
Lieutenant-General Sir Samuel Browne,
Lieutenant-General Sir Harry Lumsden,
Sir Barrow Helbert Ellis,
Colonel Sir Owen Tudor Burne,
Sir George Birdwood,
Mr. Arthur Hodgson, *General Secretary*,
Lieutenant-General Henry K. Burne,— *Secretary*,
Mr. H. Trueman Wood, *Secretary*.

rust that the Fund which has been inaugu- by them for the above purpose may before reach a handsome amount, and feel assured no efforts will be spared throughout the ry to render the visit of our kinsmen a ant one.

ting on the precedent of the organisation of reat Exhibition of 1851, I, some time since, d a letter to be addressed to all the Mayors cal Boards, of the United Kingdom, sug- g to them the advisability of bringing the working classes of their various dis- the benefits that would ensue from the for- of Clubs by subscribing weekly, to which cient sum of money would be laid by to the members to visit the Exhibition.

happy to state that this suggestion has sponded to in many places, and I trust number of the working classes, who would se have found it impossible to come here, sit the Exhibition, and will benefit by the mount of instruction to be derived therefrom.

very sensible of the facilities which the y Companies have afforded to me in this ; without the valuable assistance which they have extended, it would have been impossible to have obtained so much success in the formation of these Clubs : I must take this opportunity of requesting you also to join with me in ackowledging the help which the Railway Companies have promised to the Royal Commission for conveying all classes of visitors to the Exhibition.

I have appointed a Committe, consisting largely of Executive Commissioners, for organising a series of Conferences and Lectures during the summer on subjects cognate to the Exhibition, and am happy to state that I have been promised the aid of the Councils of the Society of Arts and the Royal Colonial Institute in this matter.

I have gratefully accepted an offer made by the Lords of the Committee on Education to give facilities to visitors to the Exhibition for viewing the India Museum.

I have sanctioned arrangements by which the Royal Albert Hall forms and integral part of the Exhibition, and by which the National Fish Culture Association maintains the Aquarium, which has always formed a very popular attraction at previous Exhibitions ; facilities have also been given to the Royal Horticultural Society for the holding of their Flower and Fruit Shows in the Conservatory of the Exhibition.

I am desirous of expressing my thanks to Her Majesty's Board of Customs for having so greatly facilitated the transmission of goods to the Exhibition

In conclusion, I feel sure that you will join with me in the expression of a desire to record our deep sense of the gracious act which Her Majesty the Queen has consented to perform to-morrow.

I trust that I shall have the pleasure of meeting you to-morrow morning at half-past eleven o'clock at the Principal Entrance, where we shall await the arrival of the Queen.

The Duke of Cambridge : Your Royal Highnesses, my Lords, and Gentlemen, I have much pleasure in moving the following resolution :—

"That this meeting of the Royal Commission "for the Colonial and Indian Exhibition, having "heard the address of His Royal Highness the "Prince of Wales, Executive President, in which "His Royal Highness informs the Royal Commis- "sion of the preparations he has caused to be "made since the last meeting for the holding of "this Exhibition, fully approve of these prepara- "tions, and confirm the appointment of the gen- "tlemen referred to by His Royal Highness to "act on the Finance, Reception, and Conference "Committees.

"The Royal Commission desire to express their "cordial thanks to the Corporation of the City "of London, and to the City Companies, Firms,

"and individuals who have since the last meeting "contributed to the Guarantee Fund; and in con- "clusion the Royal Commission wish to record "their cordial thanks to His Royal Highness for "the able and energetic manner in which he has "acted on their behalf as Executive President."

I am sure you will adopt this resolution most cordially. After the remarks of His Royal Highness the Prince of Wales it is unnecessary for me to say much as to the objects of the Exhibition, but there is one point with which the Prince of Wales could not deal with that freedom which I can, and that is the great trouble and pains which His Royal Highness has given to this Exhibition. It is not the first time that His Royal Highness has acted as President in undertakings of this nature, and it is very difficult for any individual to praise him in his presence without appearing fulsome, but it is not fulsome to say that he has always devoted his whole energies to bringing everything to successful issue with which he is connected.

I could see yesterday the result of the extraordinary ability with which those under him have carried out his wishes.

This is an Exhibition entirely confined to Her Majesty's Colonial and Indian Dominions, and it stands absolutely alone in that respect. It is admirably adapted to the interests of a great country, in that it brings together and shows in one common centre all the advantages which India and the Colonies possess in their respective spheres. I think the way in which these advantages will be brought to notice in this Exhibition will tend to that unanimity and good feeling which happily exist among all branches of Her Majesty's subjects, and will consolidate that great Empire to which we are all proud to belong and hope to see extended in a peaceful manner for many generations.

I am sure you will cordially and spontaneously vote our thanks to His Royal Highness for the trouble he has taken, and congratulate him on the success he has been able to produce.

Lord Granville: The illustrious Duke who has just sat down has undertaken a task which he has performed most admirably. I have much pleasure in seconding the resolution. After the report we have heard, which shows such an immense deal of comprehensive work done, I think it is right to call attention to the fact that the pivot on which it has all turned has been the exertions of His Royal Highness, and to how exactly in this case he has followed the example of his illustrious father in not being merely an honorary president, but in laying down the general principles and in going into every possible detail likely to insure the success of the Exhibition. We are desired to thank the various bodies who have assisted, but we must remember that a great deal of their good work has been excited by the genial influence of His Royal Highness himself. I do not wish to go into many parts of the subject, but one point is connected with my official position at this moment, and that is the beneficial effect which this Exhibition is likely to exert on the Colonial Possessions of Her Majesty. It will be a great disappointment indeed if it does not contribute to the interchange of commodities between the two countries. I believe the British public is not aware of the enormous resources of the Colonies and British Empire generally, and it is clear that if so many distinguished Colonial men and women come to this country at this time, it will increase not only our knowledge, but the personal good feeling which now exists. I heartily concur with the noble Duke in asking you to agree to the Resolution he has so well moved.

The Prince of Wales: Before the meeting disperses, I wish to return you my sincere thanks for the most kind and flattering manner in which my illustrious relative has proposed this vote of thanks, and to the noble Lord who has so ably seconded the same. I can assure you that the compliments you have been kind enough to pay me have been really quite undeserved. I need hardly say that I certainly take the deepest interest in the success of this Exhibition, but really all the arrangements and the trouble that has been taken are owing to Sir Philip Cunliffe-Owen and his two able assistants, Mr. Edward Cunliffe Owen and Mr. J. R. Royle. I can only say that those who have not yet seen the Exhibition will be satisfied with what they see if they take the present opportunity of going round the Courts and they will be struck with the wonderful resources of the Empire. No pains and no expense have been spared by the Governors and Colonial Commissions, and by the Executive Commissioners here, to make each of their departments a success, and there has been a peaceful rivalry between them the one to excel the other. I hope that this Exhibition will be not only entertaining to the eye, and that it will be of material benefit to our own countrymen, but that it will also tend to produce a still greater feeling of brotherly love between ourselves and the rest of Her Majesty's subjects. I can only add that I trust that the sun may favor us to-morrow as it has done to-day and that we may have "Queen's weather" in every sense of the word.

The meeting then terminated.

262 Post Office,
No. 84. Lagos, 22nd June, 1886.

It has come to the knowledge of His Excellency that Money Orders for exceptionally large sums are being issued at the Lagos Post Office to one or more individuals. Such Orders have been drawn by one or more local persons payable to one or more elsewhere.

The practice exposed affords reason to fear that the Money Order System is being used by

Mercantile persons in Lagos for trade purposes a use to which it was not intended that Money Orders should be applied.

It will be convenient accordingly to have it generally understood that should it appear later, notwithstanding, that Money Orders are used by Mercantile persons either in the United Kingdom or in the Colony, for the transmission of large sums of money, the Authorities have the power to consider the propriety of increasing the Commission and even to wholly suspend for a time the issue of Money Orders.

145 Colonial Secretariat,
Lagos, 2nd April, 1886.

The following Ordinances, namely, Nos 1. and 2 of 1886, are hereby published for general information.

By Command,
E. G. WOOLHOUSE,
Acting Colonial Secretary.

No. 1 1886.

COLONY OF LAGOS.

IN THE FORTY-NINTH YEAR OF THE REIGN OF HER MAJESTY QUEEN VICTORIA.

C. A. MOLONEY,—Esq. C.M.G.,
Administrator.

[13TH FEBRUARY, 1886.]

Date. At a Legislative Council held on the 13th day of February, in the year of our Lord, one thousand, eight hundred and eighty six.

Title. An Ordinance to extend to the Colony of Lagos the Ordinances of the Gold Coast Colony and of the Settlement of Lagos hitherto in force in the Settlement of Lagos and adjacent territories.

Preamble. Whereas by Letters Patent, dated the 13th January, 1886, passed under the Great Seal of the United Kingdom, the Settlement of Lagos was erected into a separate Colony called the Colony of Lagos and the office of Governor and Commander-in-Chief of the said Colony was thereby constituted.

And whereas by a Commission, dated 14th January, 1886, passed under the Royal Sign Manual and Signet, CORNELIUS ALFRED MOLONEY, Esquire, C.M.G., was appointed Administrator of the Colony of Lagos.

And whereas it is expedient to make provision for the Administration of the Law in the said Colony of Lagos:—

Enacting Clause. Be it therefore enacted by the Governor of the Colony of Lagos, with the advice and consent of the Legislative Council thereof as follows:—

Ordinances, Rules, Orders of the Gold Coast Colony and of the Settlement of Lagos, to be and remain in force in the Colony of Lagos.

1. All the Ordinances, Rules and Orders of the Gold Coast Colony, and of the Settlement of Lagos, which have hitherto been in force within the Settlement of Lagos and the adjacent territories, shall so far as the same and the provisions thereof are consistent with the hereinbefore recited Letters Patent of the 13th January, 1886, and the limitations and provisoes therein contained, be and remain in full force and effect in the Colony of Lagos.

This Printed Impression has been carefully compared by me with the Bill which has passed the Legislative Council, and found to be a true and correct copy of the said Bill.

E. G. WOOLHOUSE,
Acting Clerk of Legislative Council.

I assent to this Ordinance.

ALFRED MOLONEY,
Administrator.

147 Colonial Secretariat,
No, 44 Lagos, 5th April, 1886.

Applications for employment in the Government Service are far in excess of the requirements of the Public Service and of the vacancies existing or likely to arise.

It is desirable that all those who have applied for employment should be advised that they should not for that reason hesitate to accept any private employment that may offer.

As an an ordinary acknowledgment of an individual application would appear in some instances to have raised a hope of successful issue to the application, and in others to be regarded as a promise of employment, no acknowledgment of such application will be sent.

In local interests, public notification will however from time to time be made of suitable vacancies as they arise, and of subjects for examination

Open competition by public examination will then be invited and encouraged at appointed hours and places. It must be distinctly understood that no person will be admitted as a candidate unless his testimonials, which should be produced the morning of the day and at place appointed for examination, as to conduct, character and capabilities, satisfy the Examiner or Board of examiners.

Such examinations will be open also to those who have already secured entry into the Public Service.

By Command,
E. G. WOOLHOUSE,
Acting Colonial Secretary.

INDEX TO GOVERNMENT GAZETTE, No. 2 of 1898.

49 GOVERNMENT NOTICES.

RULES for the Custody of Public Money in the Colonial Treasury, of Lagos.

1. There shall be a Treasury Committee consisting of three Officers of whom the Colonial Treasurer shall be one.

This Committee shall have charge of the Treasury Strong Room or Vault and each member thereof shall be entrusted with one of three different keys together giving access thereto. Duplicates of such keys will be deposited as directed by the Governor.

2. The Treasury Vault or Strong Room shall on no occasion be opened nor shall any money be deposited therein or withdrawn therefrom except by the three Officers entrusted with the keeping of the separate keys and forming the joint Committee and under authority in writing of the Governor or Officer authorised in writing by him to act.

3. The three members of the Committee shall sign a joint certificate on approved form as to every sum deposited in or withdrawn from the Vault or Strong Room which certificate shall be delivered to the Colonial Treasurer to be annexed as a Voucher to his accounts: copy of such form will be rendered to the Governor.

4. A book shall be kept by the Treasurer in a form to be approved by the Governor to be called the Strong Room or Vault Book: in this book an entry shall be made of every transaction of the Committee whether of withdrawal or deposit and every such entry shall be verified by the signature of each of the three Officers holding the keys: every such entry shall be completed before the closing of the Vault or Strong Room. A duplicate of such Book similarly verified as to entries shall be kept at Government House.

5. The custody of the Treasury Vault or Strong Room keys is a strictly personal duty, and shall on no account be deputed by any member of the Committee to any other member or person without special authority under the hand of the Governor.

6. In case a member of the Committee should be prevented from attending by any unavoidable circumstance, the written authority of the Governor must be obtained for the temporary transfer of such Member's key to another Officer.

Such authority shall apply only to the special meeting of the Committee to which it has reference.

On resuming charge of his key, the member of the Committee to whom it is entrusted, shall, on the next occasion of the opening of the Vault, or Strong Room test the transactions which may have taken place while the key has been out of his possession. If satisfied of their correctness, he shall be considered as being responsible for them.

7. The Committee shall on the 1st days of January, April, July, and October and on such other times as may be ordered, make a complete survey of the contents both of the Treasury Strong Room or Vault, and of the Chest or Chests in charge of the Colonial Treasurer, and shall then prepare, in quadruplicate, a statement of the Funds of the Colonial Treasury in the form prescribed.

In case the first day of a quarter shall fall on a Sunday or Public Holiday the Quarterly Survey shall be made on the day following.

8. For the mode of dealing with gold, silver, and bronze coins on the occasion of Quarterly or other Surveys being held, and of deposits being made, the Committee are referred to the Secretary of State's Circular Despatch of the 7th May, 1878, a copy of which is annexed,—and shall accept the following modifications as to making up of bags.

To meet local convenience and to ensure uniformity and some rule, British Gold, Silver, and Bronze coins shall be made up for deposit in Vault or Strong Room as follows:—

Sovereigns	£300	bags.
Half —	£100	bags.
Half Crowns,		do.
Florins,		do.
Shillings,		do.
Sixpences,	£50	bags.
Fourpences		do.
Threepences,	£25	bags.
Bronze	£5	bags

Foreign gold coins, legal tenders may however be made up in bags containing not more than 50 such pieces: and English sliver-coin received direct from the Royal Mint may when the Committee have satisfied themselves that the weight of each parcel is that specified on the original label and that the Seals are intact, be deposited in the Strong Room or Vault in the original packages.

These instructions may also serve as a general guide to the Colonial Treasurer in the verification of sums issued to him by the Committee.

9. The three Officers in charge of the keys shall on all occasions when receiving moneys for deposit in the Vault or Strong Room, count the same. Every bag or parcel shall be sealed and shall be labelled or endorsed with a statement of the amount of its contents.

This statement shall be vouched either by the signature of the Officer or Officers, as the case may be, who has or have counted the contents of the bag or parcel to which it is attached, and he or they shall then be held to be personally

responsible for the correctness both as to quantity and nature of the coin in such bag or parcel.

10. The Committee and the Colonial Treasurer may, in verifying deposits or withdrawals, as the case may be, take any other such precautions, in addition to those prescribed above, as they may deem necessary for the insurance of accuracy and for the covering of their own responsibility.

11. The Colonial Treasurer shall keep in his charge, such an amount only as may be needed to meet the current disbursements of his Department, and this amount shall in no case exceed £1000 He will however be responsible for the Rule of the Service as to payments of a month or Quarter being made within such month or Quarter; and under authority of the Governor he will provide himself with money requisite.

12. On any occasion in which the amount in charge of the Colonial Treasurer shall exceed the sum of £1000, he shall at once make requisition to the Governor through Colonial Secretary for the call of a meeting of the Treasury Committee, and shall hand over to them, for deposit in the Treasury Vault or Strong Room, such an amount as will leave a balance, in the hands of the Colonial Treasurer, not exceeding £1000.

13. These Rules shall supersede any other Rules which are or may have hitherto been in force, in all points in which they may differ from or be inconsistent with such other Rules.

14. In these Rules the term "Governor" shall include every person for the time being Administering the Government of the Colony.

E. G. WOOLHOUSE,
Acting Colonial Secretary.

Colonial Secretariat,
Lagos, 1st February, 1886.

Approved,

ALFRED MOLONEY,
Administrator.

CIRCULAR.

Downing Street,
7th May, 1878.

Sir

In consequence of a serious defalcation which has occurred in one of the Colonies, my attention has been called to the fact that the rules laid down in Sections 307 and 308 of the Colonial Regulations as to Quarterly and Surprise Surveys, have not, in all cases, been systematically observed.

2. I have accordingly to instruct you to cause those rules to be rigidly followed in future, if they have not been so hitherto. Should special authority for any modification of them have been at any time given by this Department, it is not my intention to annul that authority, at all events, without further consideration; but I would, in that case, request that you will report the fact to me.

3. It is not clearly shown in Clause 308, of the Colonial Regulations, that you should forward to the Secretary of State your own formal certificates of your examinations of the results of the Surprise Surveys, but it must be understood that such certificates should be sent in the form (mutatis mutandis) prescribed in Clause 307, in reference to the ordinary Quarterly Surveys. For convenience of reference I annex a copy of that Form; care would of course be taken that the Treasury Officers and Banks should not be made aware before the Survey that a Statement of the Balances shown on their accounts would be required.

4. It seems desirable that some rule should be laid down in regard to the mode of dealing with Gold, Silver, and Bronze coins, on the occasions of Surveys being held. I am of opinion that these should be made up in Sealed Bags, containing not more than £500 of Gold, £50 of Silver or £5 of Bronze coins, care being taken to keep, as far as convenient, greatly worn and unworn Silver separate.

Each bag should be numbered, and the amount which it contains noted on its label, and it should be sealed, and the weight and amount of each bag should also be entered in a book.

On the occasion of a Survey, the seals and weights should be examined, and if any defect be noticed in either respect, the money should be counted, otherwise, if everything appear correct the Board may pass the bags of Bronze coin without further examination.

The bags of Silver may also be passed, if at least one bag taken at hazard out of every Ten be opened and counted. The bags of Gold should all be opened for inspection, and, at least, one in Six taken at hazard, should be counted.

The correctness of the rest may be assured, if the coins appear to be genuine, and the weight be found correct.

5. In connection with the subject of this despatch, I would wish you to inform me, 1st, Whether the Colony makes any use of the Commissariat Chest, for the deposit of money; and 2ndly, Whether any Sub-Treasurers exist, and if so, what regulations are observed as to the Survey of Funds in their hands.

I have the honour to be,
Sir,
Your most obedient humble Servant,

M. E. HICKS BEACH.

The Officer Administering
the Government of Lagos.
